

Curriculum Vitae

Name	Long Bao Hoang	Email	longhoang.hmu@gmail.com
Date of birth	17 th December 1988	Phone	+84 917 948 648
Pronoun	he / him / his	Website	gothmania.com

Summary

My focus is general epidemiology and methodology, and I am also interested in statistical methods to answer clinical research questions. I have considerable experience in research project management, data management, and skills training.

Education

- 2020–2021 **Master of Public Health (MPH)**
Johns Hopkins University, Bloomberg School of Public Health, Baltimore, Maryland, US
- **Concentration:** Epidemiology and Biostatistical Methods for Public Health and Clinical Research
 - **Capstone project:** *Center-level variation in getting a living-donor kidney transplant* (advisor: Allan Massie, MHS PhD)
 - **GPA:** 3.87/4. Verify [here](#) with ID: **21ZF-6MQT-L2GU** and Name: **L0**
- 2006–2012 **Medical Doctor (MD)**
Hanoi Medical University, Hanoi, Vietnam
- **Specialty:** General medicine
 - **Graduation thesis:** *Utilization of healthcare services and population needs in healthcare at the primary care level in Hanoi, 2011* (supervisor: Nguyen Thi Tuyet Nhung, MD MSc)

Awards

Fulbright Vietnamese Student Program Scholarship

Awarded by the U.S. Department of State for the Master of Public Health program in 2020–2021. Estimated amount: **\$72,000**.

The Dean Alumni's Advisory Council Scholarship, and the Howard C. and Jane R. Goodman Fund

Awarded by the Johns Hopkins University for the Master of Public Health program in 2020–2021. Total amount: **\$38,000**.

Grants

Vietnamese National Grant for Research (Grant no. KC-4.0-17/19-25)

Project title: *Developing an artificial intelligence-integrated system to support the detection of upper gastrointestinal lesions in endoscopy*

- Awarded by the Vietnam's Ministry of Science and Technology
- Duration: March 2020 to August 2024
- Awarded amount: **\$278,000**
- Role: Investigator

Vietnamese National Grant for Research (Grant no. ĐTDLCN.04/20)

Project title: *Evaluating motility disorders of upper gastrointestinal tract*

- Awarded by the Vietnam's Ministry of Science and Technology
- Duration: March 2019 to August 2023
- Awarded amount: **\$328,000**
- Role: Lead investigator

The Global Challenges Research Fund Networking Grants

Project title: *Addressing the Inflammatory Bowel Disease Challenge in Vietnam by Bridging the Basic-Clinical Science Divide in Gastroenterology: A Vietnam-UK Collaborative Network*

- Awarded by the Academy of Medical Sciences and Global Challenges Research Fund
- Duration: March 2019 to February 2020
- Awarded amount: **\$25,000**
- Role: Coordinator

The Vietnam Education Foundation Alumni Grants (Award no. SVM30018IN0190)

Project title: *Research Advancement Consortium in Health*

- Awarded by the Vietnam Education Foundation Alumni Grants, U.S. Department of State
- Duration: May 2018 to December 2019
- Awarded amount: **\$19,760**
- Role: Content developer

Research Experience

March 2018–
present

Lead Research Manager / Lead Epidemiologist

Institute of Gastroenterology and Hepatology, Hanoi, Vietnam

- Leading a team of 20 investigators, coordinators, and research associates to conduct 25 observational studies and 2 randomized trials
- Writing grant applications, developing grant budgets, and compiling grant reports
- Performing data analysis, writing and revising manuscripts
- Developing an electronic system and standard operating procedures to manage the research projects throughout their lifecycle
- Developing automation tools and software for data pooling, cleaning, and analysis using Stata, C#, Python, and R
- Training staff members and students on MS Office for research management, research ethics, epidemiology, and biostatistics

March 2023–
present

Data Engineer

College of Health Sciences, VinUniversity, Hanoi, Vietnam

- Planning and creating automation tools for data management workflow
- Managing data dictionaries and performing data querying, cleaning, and manipulation tasks
- Maintaining the integrity of data and data management practice via standard operating procedures
- Working with principal investigators and researchers to finalize research questions and provide the most appropriate datasets for analysis
- Performing data analysis, writing and revising manuscripts
- Creating health dashboards to highlight important health indicators of the labor workforce using data visualization and web development tools (HTML, CSS, JavaScript)

Jan 2020–
present

Freelance Research Consultant

Hanoi, Vietnam

- Providing consultation in study design and statistical analysis for research groups from prominent health institutions in Vietnam
- Vietnam National Hospital of Obstetrics and Gynecology:
 - *Fear-related reasons for avoiding sexual intercourse in early pregnancy* ([link](#))
- Tam Anh Hospital:
 - *Comparative effects of human Chorionic Gonadotropin and recombinant Luteinizing Hormone supplementation during the late follicular phase* ([link](#))
 - *Progesterin-Primed Ovarian Stimulation versus GnRH Antagonist protocol in patients undergoing ovarian stimulation* (ongoing)
- Vietnam National Heart Institute:
 - *Distribution and 24-hour transition of SCAI shock stages and their association with 30-day mortality in acute myocardial infarction* ([link](#))

March 2014–
January 2019

Study Doctor / Lead Coordinator

Oxford University Clinical Research Unit (OUCRU), Hanoi, Vietnam

- Provided research governance and research operation for 20 multicenter observational studies and 3 multicenter randomized trials on infectious diseases, such as:
 - *Itraconazole versus Amphotericin B in treating HIV patients with talaromycosis* ([link](#))
 - *Effectiveness of Point-of-care C-reactive protein test in reducing antibiotic prescription* ([link](#))
- Provided quality management and clinical trial monitoring for multiple studies at OUCRU-Hanoi and OUCRU-Ho Chi Minh
- Performed data cleaning for 3 randomized trials
- Provided training on Good Clinical Practice for more than 500 doctors and nurses

Teaching Experience

- October 2023–
present
- Course Instructor**
College of Health Sciences, VinUniversity, Hanoi, Vietnam
- STAT1030 (Integrated Probability, Statistics, and Epidemiology, 3 credits) for 12 third-year nursing students
 - CCSC6142 (Medical Research and Evidence-Based Medicine, 2 credits) for 31 first-year resident doctors
 - Scholarly activities (2 credits) for 50 fourth-year medical students
 - Activities:
 - Developing teaching materials (syllabus, lectures, exercises, and exams) and redesigning Canvas
 - Delivering weekly 3-hour lectures (theory and practice)
 - Grading and providing comments for students' assignments on Canvas
 - Participating in committees to develop longitudinal research programs for nursing students, medical students, and resident doctors
- August 2021–
present
- Freelance Instructor of Epidemiology and Biostatistics**
Hanoi, Vietnam
- Organizing classes (12–15 weeks) on epidemiology, biostatistics, and R programming for healthcare workers and medical students:
 - BMR.101 (Introduction to Epidemiology and Biostatistics): 4 classes, 79 students
 - BMR.301 (R Programming for Data Analysis): 1 class, 21 students
 - Activities:
 - Developing teaching materials (syllabus, lectures, exercises, and exams) and designing classes on Google Classroom
 - Recording weekly 1-hour asynchronous lectures and delivering weekly 2-hour lectures (theory and practice)
 - Grading and providing comments for students' assignments on Google Classroom
- August 2018–
present
- Content Developer**
Research Advancement Consortium in Health (REACH), Hanoi, Vietnam
- Organized an introductory course on research ethics (Research Ethics 101)
 - Activities: developed teaching materials (syllabus, lectures, and exercises) and recorded lectures

Other Teaching Experience

1. *Data management and analysis in clinical trials*. A training course at Center of Clinical Pharmacology, Hanoi Medical University. June 2018.
2. *Research management and data management*. A training course for 50 medical students at Hanoi Medical University. June 2019.
3. *Conducting a research study: from A to Z and Random error and bias in medical research*. A training course for 100 postgraduate students at Vietnam's National Heart Institute. June 2021.
4. *Common pitfalls in medical research*. An invited presentation at the Vietnam National Heart Association Scientific Meeting. November 2021.

5. *The process of doing research*. A training course for 80 staff members at Lang Son Provincial Hospital and Lang Son's district health centers. January 2022.
6. *Cross-sectional studies*. A 4-session training course for 100 lecturers, doctors, nurses, pharmacists, and students at Phenikaa University. February 2022.
7. *The value of P-values*. An invited presentation at the 2022 National Congress of Cardiology. October 2022.
8. *Planning and writing the protocol for a clinical study*. A 3-session training course for 40 doctors and nurses at the National Hospital of Dermatology and Venereology. May 2023.
9. *Research questions and Conducting a research study: from A to Z*. A training course for 50 postgraduate students at Vietnam's National Heart Institute. June 2023.

Skills and Expertise

1. Project management: professional proficiency
2. Data entry tools (EpiData, REDCap, KoboToolbox): professional proficiency
3. Data analysis (Stata, Python, R): advanced proficiency
4. Programming (Python, C#): advanced proficiency
5. Microsoft Office: professional proficiency

Publications

Select works in which I was responsible for study design and/or data analysis.

1. Pham HM, Van HD, **Hoang LB**, Phan PD, Tran VH. Distribution and 24-hour transition of SCAI shock stages and their association with 30-day mortality in acute myocardial infarction. *Medicine*. 2023;102(37):e34689. doi:[10.1097/MD.00000000000034689](https://doi.org/10.1097/MD.00000000000034689)
2. Dao HV, Dao QV, Lam HN, **Hoang LB**, et al. Effectiveness of using a patient education mobile application to improve the quality of bowel preparation: a randomised controlled trial. *BMJ Open Gastroenterol*. 2023;10(1):e001107. doi:[10.1136/bmjgast-2023-001107](https://doi.org/10.1136/bmjgast-2023-001107)
3. Le TD, **Hoang LB**, Tham DC, Vu MAT, et al. Comparative Effects of Human Chorionic Gonadotropin and Recombinant Luteinizing Hormone Supplementation during the Late Follicular Phase. *Obstetrics and Gynecology Research*. 2023;06(02):143-151. doi:[10.26502/ogr0124](https://doi.org/10.26502/ogr0124)
4. Dao HV, **Hoang LB**, Luu MHT, Nguyen HL, et al. High prevalence of esophagitis in patients with severe ineffective esophageal motility: need for a new diagnostic cutoff. *Ann Gastroenterol*. 2022;35(5):483. doi:[10.20524/aog.2022.0733v](https://doi.org/10.20524/aog.2022.0733v)
5. Phan TC, **Hoang LB**, Tran TK, Pham TTT, et al. Fear-Related Reasons for Avoiding Sexual Intercourse in Early Pregnancy: A Cross-Sectional Study. *Sex Med*. 2021;9(6):100430-100430. doi:[10.1016/j.esxm.2021.100430](https://doi.org/10.1016/j.esxm.2021.100430)
